

## KRISTU JAYANTI SCHOOL OF MANAGEMENT ORGANISED ILS ON INDO-JAPAN RELATIONS

School of Management, Kristu Jayanti College organized an interactive session with His Excellency Katsumasa Maruo, Deputy Consul General of Japan on June 18, through its International Lecture Series (ILS) platform for the MBA students. Shri. Ravinder Singh, Executive Director (ICDE - India) was the guest of honour. Rev. Dr Augustine George, Principal, Kristu Jayanti College Autonomous and Dr Aloysius Edward J, Dean, Faculty of Commerce and Management, Kristu Jayanti College welcomed and felicitated the chief guest and the guest of honour. The main objective of ILS is to provide an opportunity for the students to interact with global visionaries.

In his speech, His Excellency Katsumasa Maruo highlighted the various contributions of Japan to India in terms of technology, investments and highlighted the contributions of Japan to various infrastructural projects in Bengaluru

including the Namma metro. Students of first-year MBA also made presentations on various topics highlighting the contributions of Japan and India towards World peace, the Indo-Japan relationship in Technology Development and the Indo-Japanese culture. Ms Angel Sebastian, Mr Kevin Babu Mathew, Mr Prince Ambattu Aji, Mr Jibin John Saji, Ms Anto Alice Amrutha and Mr Dushyaanth Ganapathy have presented on these themes and it is part of their curriculum. The programme concluded with the national anthems of both Japan and India.

## KRISTU JAYANTI SCHOOL OF MANAGEMENT ORGANISES EXPERIENTIAL LEARNING PROGRAMME

The School of Management of Kristu Jayanti College (Autonomous) organised an Industrial visit to TIA Technology India Private Limited. The visit was part of the experiential learning pedagogy of the School to provide practical exposure to the MBA students. The main objective of the programme is to enable the students to bridge management theory to practical application in the industry. Two batches of MBA students led by Prof John Pradeep Kumar, Prof Sen B Mathews, Dr Peter Leo and Dr D Ravindran visited TIA Technology India Private Limited, an export and import-oriented manufacturing company offering customised solutions in dynamic weighing and industrial automation to their clients.

Mr Vinod Nair, Director, TIA Technologies spoke to the students who learnt about the history of the organisation, industry dynamics of the manufacturing sector,

products and processes of the company. Post the informative interaction, the students were led to the shop floor where they had a first-hand observation of manufacturing activities. Mr Roshan, senior engineer at TIA Technologies explained the process activities from concept to customer and answered numerous questions asked by students. They got to know about the functioning of the various departments and also a chance to interact with the employees of the company.
