Name and details of the Resource person: Prof. Sen B Mathews, Associate Professor & Director
CECR, Kristu Jayanti College.
Coordinator : Dr. D. Ravindran, Assistant Professor, KJSOM

Brief Write up on the Programme

Training on Group Discussion is one of the skill development activity conducted by School of Management to facilitate the MBA students to know the basics of Group Discussion and communication like 'How to talk' and 'what should and should not talk' according to the topic of the discussion.

It was good for the students that very few other colleges are giving similar placement training . Each one of the students had given an opportunity though the time period was less. The students were encouraged to self aware about where they actually stand in each topic of discussion and their strengths and weakness. They learnt that, they should more focus on the different elements of the particular topic in advance or grab the points of the other respondents and talk about it. The benefit they got from this was the confidence in facing interviews. The sessions made them to realize the they Should be industry ready and it is not easy to make it up in this competition world. All the inputs by Prof. Sen B Mathews were valid and from him we got few insights to improve on our communication skills, knowledge skills, current affairs etc.

Topics like 'IS INDIA READY FOR E-COMMERCE, NOTHING IS RIGHT, NOTHING IS WRONG EVERYTHING HAS SOMETHING, STRAIGHT TREES ARE CUT FIRST, LEADER or FOLLOWER, CSR IS FOR CHARITY OR MARKETING" etc made them to learn how to think out of box and the importance of current affairs and imitativeness. They also learned that there must be some patience and must also encourage or suggest others to speak on. Pre assessment were conducted to rate their current level individually and key areas were identified and suggested to them for improvement.

Feedback: This training was interesting and worthy for understanding our own hidden weakness and strengths. It had changed our understanding of GD and corporate expectation in our communication.
L Tejeshwini, I year, MBA Student.
